Sustainable Packaging Policy	<input type="text"/>

OBJECTIVE
Define the Grupo Nutresa corporate guidelines related to the use of sustainable packaging materials for finished products from the different Businesses.

SCOPE
The Sustainable Packaging Policy applies to all Grupo Empresarial Nutresa Companies in Colombia and abroad.

GRUPO EMPRESARIAL NUTRESA SUSTAINABLE PACKAGING POLICY

DEFINITIONS

GENERAL CONDITIONS

- Grupo Nutresa promotes the use of biodegradable, recycled packaging materials as part of a sustainable sourcing strategy. Therefore, we favor materials made from fibers from certified forests, recycled and recyclable materials.
- We include eco - design criteria in the entire process to develop new products and redesign existing products, favoring those with a lower environmental impact.
- We work with our suppliers throughout the supply chain, promoting good environmental practices and supporting strategies to close the materials cycle.
