2017 Third Quarter Results

## Third Quarter sales for Grupo Nutresa grow **3,1%** in Colombia, and its consolidated EBITDA margin stands at **12,5%**

Grupo Nutresa S.A. (BVC: NUTRESA) discloses its Consolidated Financial Results as of September 30, 2017.

### Sales in Colombia

continue to deliver a positive performance, amounting to **COP 4,0 trillion**, **3,1% higher** than revenues for the corresponding term in 2016.

### Sales abroad increased 5,8%

in US dollars, totaling **USD 797,7 million**, after excluding, for comparison purposes, the sales over the first nine months of 2016 in Venezuela.

### Accumulated EBITDA amounts

**COP 800.218 million**, representing **12,5% of total sales**.

Third Quarter sales for Grupo Nutresa in Colombia continue to report a positive trend amounting to COP 4,0 trillion, representing 63% of consolidated sales, and growing 3,1% compared to the same period of last year.

Sales abroad, excluding the sales reported in Venezuela for the same period, are USD 797,7 million, representing 37% of total sales, and reporting a 5,8% growth. When expressed in Colombian pesos, these sales are equivalent to COP 2,3 trillion pesos.

Consolidated revenues, after the aforementioned exclusion, amount to COP 6,4 trillion, 2,6% higher compared to same period in 2016. This progress is the result of sales growth in the local market and a solid and sustained growth in international revenues. Innovation sales represent 20,6% of total revenues for the period.

In alignment with the constant efforts to achieve greater efficiency and productivity, gross profit continues to improve, and amounts to COP 2,8 trillion, 3,0% higher than the same period last year.

Operating profit amounts to COP 605.502 million, with an operating margin of 9,5% as a result of an increase in sales expenses associated with greater investment in our distribution channels and savings in our production expenses.

With regard to the profitability, consolidated EBITDA totals COP 800.218 million, representing 12,5% of revenues.

Net post-operative expenses total COP 187.263 million, 14,8% less than the same term in 2016, due primarily to the treatment of the investment in Venezuela as a financial instrument starting October 1st of such year.

Finally, consolidated net profit amounts to COP 324.258 million, a 3,6% increase, and represents 5,1% of the sales.

### DOW JONES SUSTAINABILITY INDEX (DJSI) AND DJSI MILA PACIFIC ALLIANCE

For the seventh consecutive year, Grupo Nutresa entered the Dow Jones Sustainability Index and continues to be the only company in the food sector from an emerging market to be part of this global index.

The Organization once again stood out in all the dimensions of sustainability. In the economic dimension, it obtained the maximum score in terms of health and nutrition, materiality, risk and crisis management, and tax management. In the environmental category, Grupo Nutresa received the highest score in environmental reporting and packaging. Finally, in the social dimension, it achieved the highest valuation in Human Rights.

Grupo Nutresa was also included in a new sustainability index in the region, the Dow Jones Sustainability MILA Pacific Alliance Index. This Index focuses on assessing and measuring the performance of the companies in the MILA (Latin American Integrated Market) in terms of corporate sustainability.

### SEPARATE FINANCIAL STATEMENTS OF GRUPO NUTRESA S.A.

The Separate Financial Statements of Grupo Nutresa S.A. report COP 331.961 million in operating revenues as of the closing of the Third Quarter of 2017, derived from the application of the equity method on subsidiaries and associated companies for COP 277.757 million, and from the recognition of dividends from the investment portfolio totaling COP 54.204 million. The net profit is COP 330.316 million and the equity amounts to COP 8,9 trillion.

## Studies confirm Grupo Nutresa's Reputational Solidity

Two recent independent studies confirm Grupo Nutresa as one of the most-reputable companies in Colombia.

The first of these is the Goodwill Index 2016, presented by consulting firm 2WAY this past September; in its third edition, Grupo Nutresa placed first in Colombia. The six criteria analyzed in this version were: strength and trajectory; value offer; talent and well-being; corporate social responsibility (CSR) and sustainability; innovation and leadership; and ethics and transparency.

On the other hand, Grupo Nutresa ranked second in the most recent Best Reputed Companies list from MERCO Empresas 2017 and first in the Food and Beverage Sector.

Equally important is the position achieved by CEO Carlos Ignacio Gallego in the ranking of Business Leaders with the Best Reputation; he moved from fifth place in 2016 to second in 2017. Thus, Grupo Nutresa was the only company to be ranked in the Top 5 of Companies as well as its CEO in the Top 5 list of Business Leaders.

These results round out a very productive year for Grupo Nutresa in terms of corporate reputation and leadership, especially considering the ranking of MERCO Talent 2017, in which the company was recognized as the second best to attract and retain talent in Colombia.

## Fortune Magazine Highlighted Grupo Nutresa's Work for its commitment to change the world

Recently, Grupo Nutresa was informed about its inclusion into the **top 50 of the Fortune's Change the World ranking**. The Company was included in the list due to its positive social impact through activities that are part of its core business strategy, side by side with world-class organizations such as Apple, Microsoft, Nestlé, Toyota, Unilever and Volvo, among others.

Change the World analyzes the role of companies with sales over one billion dollars by means of an assessment conducted jointly by FSG consulting firm, the Shared Value Initiative (global platform for organizations seeking business solutions to social challenges) and Harvard Business School professor Michael E. Porter. The final ranking assesses the companies with regard to three factors: Measurable social impact, Business results and Degree of innovation.

This is the first time that a Colombian company is included in this list.

## Grupo Nutresa, one of the eight leading companies in sustainability in the world

For the seventh year in a row, Grupo Nutresa was included in the Dow Jones Sustainability Index (DJSI) and ranked as one of the eight most-sustainable companies in the world and the second in the Food Sector. Grupo Nutresa has been a member of the DJSI World Index since 2011.

According to the 2017 results, Grupo Nutresa obtained a **total rating of 87 out of 100 possible points**. Likewise, it received the highest score in seven of the 26 criteria evaluated, including: Health and Nutrition; Materiality; Risk and Crisis Management; Tax Management; Environmental Reporting; Packaging; and Human Rights.

In addition, a few weeks ago Grupo Nutresa was included in a new sustainability index in the region, the **Dow Jones Sustainability MILA Pacific Alliance Index**. This Index focuses on assessing and measuring the performance of the companies in the MILA (Latin American Integrated Market) in terms of corporate sustainability, and it is a recognition for the leadership of said companies in this matter.

## Bénet and Evok, two proposals from the Out of the Box Innovation Program

As a result of the **Out of the Box** Program to promote and finance disruptive innovation projects with potential to leverage the competitiveness of the Organization, Grupo Nutresa introduced Bénet, its first brand of expert nutrition: a new nutritional powder drink, designed to give the body the nutrients it needs to stay healthy.

**Bénet** joins **Evok**, the first product brand from the Out of the Box Program, that arrived with a portfolio of "beneficial

indulgences" for the body and mind that mix ancestral herbs, fruits and spices -such as moringa, acai, anise, ginger and cardamom- to offer consumers well-being, vitality and tranquility.

These new brands reflect Grupo Nutresa's higher purpose of building a better world where sustainable development is for everyone and it is a sign of its effective innovation philosophy that allows it to implement new business models.

## Grupo Nutresa's Investor Relation (IR) practices were highlighted by Institutional Investor

### Institutional Investor

**Institutional Investor**, an international business publishing group, included Grupo Nutresa and its executives in the 2017 Latin America Executive Team rankings for the Food and Beverages Sector, of midcap companies (those with a market capitalization between USD 2 and 10 billion), in the region.

This ranking measures the Investor Relation program of the companies in the region under selection criteria that included: financial disclosure, access to senior management, IR responsiveness, IR knowledge and authority, proactive communication of material events, and most constructive conference calls.

The recognitions obtained by the Company were:

- Best Website, according to sell-side analysts and buy-side investors together
- Second Best CFO, according to sell-side analysts
- Best CEO, according to sell-side analysts

A total of 577 investors and 278 sell-side analysts were responsible for voting in a confidential manner, across 16 sectors and industries. This recognition commits the Organization even more to maintaining a permanent monitoring of the best standards of IR and reporting practices in the world with its current and potential shareholders and investors, in order to guarantee an environment of trust, transparency and two-way communication through the delivery of timely, reliable and transparent information that supports the decision making of the investment community

## Launch of the new Jet Album Live the Colombia Adventure

In August, Chocolatina Jet, one of the brands most beloved by Colombians, launched the Jet Album Live the Colombia Adventure, a tribute to Colombian beauty and diversity, and an invitation from the brand for Colombians and tourists to venture to learn more about the natural wealth and fascinating ecosystems of the parks and natural reserves of the country.

This new edition has 80 pages in color and 250 stickers grouped in five categories of adventure, developed with the support of National Geographic and Parques Nacionales Naturales.

In its 55 years of history, the Jet album has had eight versions and handed more than 21 million copies and 10 billion stickers.

It can be said that most Colombians -at some point in their lives- have tried a Jet chocolate bar or collected the album stickers that have come with it throughout its history. That's why studies have shown that the iconic album remains an emotional link between consumers and the product.

## Through its Foundation, Grupo Nutresa strengthens Its commitment to education

In recent months, the II Meeting of Secretaries of Education was held in the city of Medellín, with the presence of 38 officials from different regions of the country. This space allowed the generation and consolidation of alliances and the articulation of actions among educational institutions in the country and the Colombian business sector.

As a complement to the meeting, in August Fundación Nutresa participated in the launch of Alliances with You – For the Quality of Education, a strategy that seeks to improve the quality of education in Medellín and in which 35 entities, including universities, private schools and companies, participate.

In parallel, Grupo Nutresa –through its Foundation– continues to participate in the XXI Century Leaders (Líderes Siglo XXI) Educational Project in 11 educational institutions, in search of improvement of management indicators, such as promotion, coverage, retention, location of alumni, external tests and school climate.

Thus, the Company continues to focus on education as one of the principal vehicles to build a better world where sustainability is for everyone. That is why, since 1994, it has accompanied school-transformation processes to strengthen the skills and competencies of thousands of teachers and educational directors in the country.

## TMLUC renews Its participation in the Consortium for Sustainability

Recently, TMLUC renewed its participation in the Consortium for Sustainability, which aims to articulate the work of companies, universities, NGOs and public bodies to improve the sustainability performance of products and services, while promoting more-conscious consumption habits in all the planet.

One of the most-important lines of work of the Consortium is the establishment of common standards for the evaluation of sustainability in the life cycle of products. To contribute to this objective, in 2014 TMLUC collaborated in the development of a Sustainability Measurement System for the category of cold instant beverages, which analyzed the life cycle of the Livean brand, which –in addition to being carbon neutral– is one of the Company's principal brands of instant juice.

Represented in Chile by Fundación Chile, this Consortium was born in the USA, promoted by Walmart; today, it has the participation of more than 100 companies, NGOs and universities worldwide.
