2018 First Quarter Results

First Quarter sales for Grupo Nutresa grow **3,1%** and its EBITDA margin stands at **13%**

Grupo Nutresa S.A. (BVC: NUTRESA) discloses its Consolidated Financial Results for the first quarter of 2018.

As of the closing of the first quarter of 2018, Grupo Nutresa's sales show positive dynamics both in Colombia and abroad. The consolidated sales amount to COP 2,1 trillion, representing a 3,1% increase compared to the same period last year.

Sales in Colombia showed a positive performance -in alignment with better consumption dynamics- amounting to COP 1,3 trillion, which represents 64% of Grupo Nutresa's total sales, a growth of 2,4% when compared to the corresponding term in 2017.

Likewise, it is worth highlighting the 6,6% growth rate in the revenues from abroad, which amount to USD 265,2 million and represent 36% of total sales

The consolidated gross profit amounts to COP 935.630 million, 5,0% higher than in the corresponding term of 2017, resulting from a sound commodities sourcing strategy.

Operating profit, which amounts to COP 201.982 million, represents an operating margin of 9,6% and is favored by a reduction of administrative expenses and the adequate management of the production costs during the period.

In terms of profitability, we report an EBITDA of COP 273.276 million, 3,3% higher than the one reported in the same period last year and representing a margin of 13,0% of sales. This is the reflection of our efforts in productivity and cost efficiency, along with a continued investment in the market.

Net post-operative expenses, which amount to COP 41.377 million, represent 2,0% of sales and reflect a significant reduction in financial costs.

Lastly, consolidated net profit totaled COP 120.867 million, representing a 13,1% reduction. This is mainly

Grupo Nutresa's **consolidated sales** deliver a positive performance, amounting to **COP 2,1 trillion, 3,1% higher** than in 2017 for the corresponding term.

explained by not accounting a portion of the dividends from our investment portfolio during the period, COP 26.176 million, which will be registered during the second quarter of this year. Eliminating this effect, Grupo Nutresa's net profit would have grown 5,7%, higher than the sales increase.

Separate Financial Statements of Grupo Nutresa S.A.

The Separate Financial Statements of Grupo Nutresa S.A. report COP 124.809 million in operating revenues as of the closing of the first quarter of 2018, derived from the application of the equity method on subsidiaries and associated companies for COP 93.599 million, and from the recognition of dividends from the investment portfolio totaling COP 31.210 million. Net profit is COP 124.958 million and equity amounts to COP 8,3 trillion.

Grupo Nutresa sells its decorative tinplate container business unit to Grupo Comeca

Grupo Nutresa sold the productive assets of decorative tinplate containers from the company Litoempaques to Costa Rican multi-Latin Grupo Comeca, leader in the packaging manufacturing industry in Latin America. With this negotiation, Grupo Nutresa will continue to focus on food production and marketing, while Grupo Comeca will enter the decorative packaging segment in Colombia.

The manufacturing packaging plant will conserve the Litoempaques name, under the corporate name Premium Cans S.A.S. and it will continue operating in the same place.

Grupo Nutresa will keep the business unit of finished product packaging services and promotional moorings, and it will continue under the same operation scheme, with the same employees, and under the new name Servicios Logypack S.A.S.

Novaventa, first company in the world to market refrigerated products via catalogue

Novaventa began marketing Zenú, Pietrán and Ranchera brand meat products, as well as products from its ally Alpina, in the city of Bogotá and 23 municipalities in Cundinamarca.

With the arrival of this portfolio, the company strengthens the supply of products to Business Moms and consumers in the capital through a project to develop the logistics capacity installed for the operation, manipulation and distribution of refrigerated products.

Grupo Nutresa entered the list of Active Anti-Corruption Companies (Empresas Activas Anticorrupción, EAA)

In February, Grupo Nutresa was recognized for having high standards in its fight against corruption, according to the Management Committee of the "Active Anti-Corruption Companies (EAA, for its acronym in Spanish) – Businesses with Principles." This initiative is led by the Secretariat of Transparency of the Presidency of the Republic, which seeks to continue improving the capacity of the private sector when identifying and preventing acts of corruption.

Grupo Nutresa thus joined a group of 24 EAA companies selected throughout three editions of the program – launched in 2014 – after exceeding a demanding technical evaluation that included, among others, the application of its Anti-Corruption Program on third parties; internal control and accounting records; and its prevention policies around risk topics, such as political contributions, sponsorships, gifts, representation expenses and conflicts of interest.

The EAA Management Committee also assessed the results of the "I Act with Integrity" ("Actúo Íntegramente") strategy, which internally promotes principles of ethics, transparency and integrity that positively impact employees, clients, consumers, suppliers and community.

TMLUC starts the third cycle of its Service School for Commercial Operators

First implemented in 2016 in partnership with the Universidad Santo Tomás of Chile, this program seeks to increase the perceived value of the service delivered to clients of small stores and to promote the development of this channel, through the transformation of salespeople into commercial advisors and allies in the management of the shopkeepers' businesses.

Commercial Operators are small allied companies that provide Tresmontes Lucchetti (TMLUC) with the service of selling its food products and which have direct access to thousands of stores and supermarkets nationwide.

Since 2016, 37 vendors have been trained, who serve an average of 9.960 clients in the year in Chile. For 2018, the participation of 30 more vendors is expected.

The Coffee Business advances in Its management of water

New Colombian regulations on water discharges (Resolution 631 of 2015) prompted the Coffee Business to start the construction of two wastewater treatment plants (WTP) in its facilities in Medellin and Ibague, which include two treatment processes: One, physical-chemical, to remove the visible organic matter in water; and a second one, biological, to remove the soluble substances through microorganisms.

The treatment plant in Ibague will begin operations in the first half of 2018, while the Medellin plant will do so in the second half of 2018.
